Sub: Procurement of Smart Phones by the agency/contractors engaged in HT mobile van contracts i.r.o 278 no. of Sub-Stations for Outage Management System (OMS) roll out.

Ref: Contract Agreement No. WBSEDCL/IT&C/114.00 (RDSS)/ 938 dated 17.01.2025

Sir,

You may be well aware of the fact that the business blueprinting phase for the implementation of the Outage Management System (OMS) is on the verge of completion and it has been assessed that, to enhance functionality and operational efficiency, it is crucial for the OMS application to be made accessible to the field crews operating HT/LT Mobile Vans across WBSEDCL.

Initially it has been decided to equip HT Mobile Vans with smart phones across the 278 substations under the OMS rollout phase, causing which nearly 278 nos. smart phone with below mentioned specifications have to be procured:

- Android OS (Version 12 or higher)
- Minimum 4 GB RAM, 64 GB storage
- 4G LTE, GPS-enabled
- Rugged build with protective casing
- 5000 mAh battery or higher
- Pre-installed OMS app and utilities

The above specifications are required keeping in view of the following critical functionalities enabled through the OMS platform:

- Real-time logging and closure of outages
- Seamless communication between field crews and control rooms
- GPS-based tracking of field personnel
- On-site access to OMS, including outage location visualization on maps

As per market survey, smart phones with these specifications are available within ₹ 8000/- per phone (inclusive of Taxes). So, it has been decided by the higher authority of WBSEDCL that the HT mobile van agencies/contractors engaged against these 278 no. of Sub-Stations are to be asked to procure the smart phones with a condition to reimburse the amount against production of bill/invoices along with monthly job contract bill (maximum capping of Rs 8000/- inclusive of taxes).

As per prevailing clause no 5.4 of the existing HT mobile van contract's mother circular [i.e. O.O No. 17 dated 15.05.2018] monthly rechargeable coupon of ₹ 300/- + GST is being reimbursed per month to the HT mobile van agency/contractor. Now, for data redundancy as per availability of the monthly rental plans for 4G/5G service of any leading service provider, monthly coupon/ recharge reimbursement of ₹ 400/- (inclusive of tax) is hereby allowed instead of ₹ 300/- + GST against these 278 no. of 33/11 KV S/S where OMS rollout will take place.

You are hereby advised to percolate this instruction to the down level for early procurement and implementation and for further clarification, if any the IT Cell, WBSEDCL should be contacted.

This is to be treated as very urgent & important and has the reference of the approval of the Director (HR) vide u/o E-Note [Comp. No.:394534 394534].

Yours faithfully,

(P. P. Dutta)

Executive Director (Distribution)
