

WEST BENGAL STATE ELECTRICITY DISTRIBUTION COMPANY LIMITED

(A Government of West Bengal Enterprise)

CIN : U40109WB2007SGC113473

VIDYUT BHAVAN : BIDHANNAGAR : KOLKATA-91

WBSEDCL

Office Order No: 94

Dated: 6.7.22

Subject: Allotment of Duty towards physical inspection of electrical networks under various CCCs of WBSEDCL for identification as well as facilitating the corrective measures to avoid accidents.

It is needless to mention that recent incidents of electrical accidents have tarnished the reputation of the company very badly and management of WBSEDCL has taken it as a serious exception.

It is observed that, in many places the snapping of bare conductor is the predominant cause of electrical accidents, which is required to be arrested with exertion of all out efforts from us.

Therefore, it is decided to have concerted focus on the physical inspection & taking corrective measures of lines, networks and equipment of WBSEDCL which are vulnerable and may pose threat to the human life, especially amid the ongoing monsoon.

In view of the above, technical officials of various ranks are assigned for physical inspection of electrical networks at CCC level as per **enclosed list** and also for monitoring the corrective actions undertaken by the site offices.

The inspecting officers shall gainfully use all the available resources of the concerned offices for logistic support to find out the vulnerability of the system, as follows:

- Loose sag of the bare conductor in both HT & LT networks & tree branches falling over the line.
- Improper Earthing.
- Missing/ageing of HT Cradle guards in crowded places/road crossing.
- Tilted "V" Brackets of HT OH network, potentially cause the stay wire to come into the contact of live line.
- Worn out/improper stay wire of poles.
- Tilted poles causing leaning of HT/LT OH compromising safe horizontal/vertical distance from the ground.
- Improper grouting of poles causing vulnerability/slanting during inclement weather.
- Non-fixing of LT spacers.
- Broken/worn out DTR kiosks/Feeder Pillar Box/Junction Box.
- Bare fuse units exposed to the public.

- Poor conditions of AB Cable Junction Box.
- Openly charged UG cable susceptible of water logging.
- Any other common vulnerability.

The primary responsibility of these supervising technical officers is to continuously monitor & coordinate such physical inspection & corrective measures at CCC level by ensuring the optimum utilization of available resources. Considering the gravity of the situation, all such exercises should be completed within a month. The inspecting officers should send the inspection report to the concerned Divisional Manager(s) for taking needful action under his/her Division.

All the Station Manager (s) of the CCCs/DE/AE (Tech) of the Divisions shall ensure that vulnerabilities identified by the inspecting officers are being addressed properly by utilization of the available resources as far as practicable.

The Office of the Divisional Manager shall keep the track of CCC wise daily progress of such activities by obtaining all sort information from inspecting officials and furnish a weekly report to the Regional Managers. The Regional Managers shall compile such data and forward to the Zonal Manager (s).

The Zonal Manager (s) shall keep an overall vigil over the progress of the entire activities and submit a summary report to the Chief Engineer (Dist) mentioning any special requirements (if any), with an interval of 15 [fifteen] days.

However, usual safety inspection by the concerned Station Managers/Divisional Managers/DE/AE (Tech) and its resources and other designated officers as per standard circular/guidelines of WBSEDCL must continue, amid such special endeavor.

All concerned are advised to adhere to the guidelines and put up an intensive effort to avoid accidents, involving & arising out of the installations of WBSEDCL with proper documentations. They are also advised to maintain proper safety norms while working on installations. This order takes immediate effect.

Encl: The CCC wise Job allotment.

(A. K. Latia)
Director (HR)
