Circular No: 05/2018 Dated: 19-06-2018

### Sub: Updating family dependent particulars of employees in SAP-ERP System

It is noted that information pertaining to an employee's family dependants were so far been recorded and maintained at different offices based upon declaration of individual employee in prescribed format in terms of prevailing guidelines of the Company. In case of Class-I employees those are normally maintained at Corporate Office whereas for other category of employees such declarations are maintained at the respective offices where the person is attached.

Presently, an employee intending to incorporate his/her family member(s) as 'dependant' is required to submit an application declaring the name along with other pertinent details of the family members who would be entitled to claim benefit i.r.o Medical/LTC/HTC to the Controlling Officer for such incorporation. The said declaration of the concerned employee is subsequently forwarded to the Corporate office (viz. ES & ER-I Cell for Class-I officers & ES & ER-II Cell for Class-II/III/IV employees). Upon receipt of confirmation from the Corporate office, the same is recorded in the service book /preserved in personal file of the concerned employee for future reference.

Guidelines as enumerated in Office Order: P/72 dated 10.09.2012 of Director (HR) is so far followed to determine the admissibility of any dependant of an employee for reimbursement of Medical treatment expenses. However, in case of admissibility towards availing LTC/HTC benefits, information is maintained by different units both at the Corporate level as well as by the site offices, as the case may be and claims are settled accordingly from the respective ends.

During implementation of HCM Module of SAP-ERP system in the year 2015 in our organization, records pertaining to family dependants were uploaded in the system from the Corporate office on the basis of the information received from the respective offices. Thereafter, any modification/updation in family dependant status i.r.o any employee has been made from the site offices, in a decentralized manner, in line with the prevailing norms of the Company. This was done to incorporate such voluminous data in the HCM Module of SAP-ERP system in a time bound manner, as far as practicable.

Now, it is noted from the system-generated report that dependant details of most of the employees are already available in the HCM Module under SAP-ERP system. Such dependant details of a small section of employees are yet to be incorporated in the system. At the same time, we are receiving representations from all categories of employees for modification/updation of dependant details of their respective family members.

After a detailed study in the existing system it is felt prudent to incorporate/update/modify such records of family dependants of employees from a single entry point to avoid unnecessary duplication of tasks and at the same time to maintain uniform database in the system. The same data can be viewed/accessed, as required, from the users' offices/departments.

Accordingly, to streamline the entire process of maintenance of dependant details for all categories of employees in SAP-ERP system it has been decided that such records shall be uploaded from the respective Cells as mentioned against each in the following table so far dependency i.r.o reimbursement of Medical treatment expenses and HTC/LTC benefits are concerned.

| Employee Category                                    | Medical/LTC/HTC record |
|------------------------------------------------------|------------------------|
| Class- I (posted at site & Corporate office)         | ES & ER-I Cell         |
| Class- II/III/IV (posted at site & Corporate office) | ES & ER-II Cell        |

N.B: Same database to be followed both at OSD Cell and Corp. Medical Cell (for medical purpose)

Henceforth, an employee of the Company shall be required to submit application in prescribed format (Annexure-A) towards updation/modification of any information i.r.o his/her family dependants and the same is to be submitted to the respective department at the Corporate office [ES & ER-I Cell for Class-I Officers & ES & ER-II Cell for Class-II/III/IV employees] after due certification by the Controlling Officer of the respective unit/wing/department of the Company. In case of new employment, such formalities may be dispensed with and their declarations are required to be submitted at the time of joining at the Corporate Office. However, in case of reimbursement of Medical treatment expenses for the dependent parents, guidelines as laid down under Circular No.21 dtd. 22.02.2016 shall be continued to be followed in its true spirit.

HCM Module being an integrated system, same record can be viewed by the all the user offices on a real-time basis and action for settlement of claims can be made without any process delay. Service Book records/records in Personal file shall have to be updated by the respective offices accordingly in line with the changes made in the system. Employees shall also be able to view such records through their ESS portal.

All concerned are therefore, advised to abide by the above instructions without any deviation. This Circular supercedes all other Office Orders/Circulars framed for this purpose and comes into operation with immediate effect.
