WEST BENGAL STATE ELECTRICITY DISTRIBUTION CO.LTD..

(A Govt. of West Bengal Enterprise)

BIDYUT BHAVAN, SALT LAKE, KOLKATA-700 091

Office Order No : 230

Dated : 31/12/2009

WBSEDCL(ROPA), 2009 was published vide office order no.89 dated 16.02.'09, effect of which was given from 1.1.'06 notionally and actually from 1.04.'07. Several modifications have so far been made in respect of different provisions of the said Rules time to time. Between 1.1.'06 and date of publication of the ROPA,2009 or even thereafter, many employees and officers have been promoted either under APS/CPS or in normal channel of promotion. In terms of provision of (ROPA),2009 read with office order no.98 dated.18.3.'09, it has categorically been laid down that there will be no change in the date of normal increment in the promotional scale even after promotion. Many employees/officers have represented that after their promotion they are getting less pay in WBSEDCL (ROPA),2009 scale than their junior counterparts who got promotion at a subsequent date and never used to draw more pay than theirs in the feeder post.

The matter was referred to the Anomaly Committee for examination and suitable recommendation for remedial action. The Committee has since submitted their recommendation. The Committee has highlighted in their report that such cases are to be remedied by normal stepping up of pay with no change of date of normal increment in certain cases as the change of date of increment in some cases will require such stepping up almost in every year for the same employee.

Keeping in view and considering all aspects concerned to the issue, the management, after careful examination and as a special dispensation, have decided as follows with a view to removing the anomalies :-

"If it is found that the pay of an employee on promotion or subsequent to promotion, not at the time of initial fixation under ROPA,2009, is less than the pay of his junior counterpart who also traversed through same path of career and got promotion at a later date and was also drawing the same or less pay in the respective feeder post, the pay of the senior employee would be stepped up to the stage which his junior counterpart is receiving and also from the date from which such anomaly occurs. In case of normal step up the date of next increment is generally changed and the same is allowed after one incremental period of 12 months from the date of stepping up. But in this case, where such anomaly has arisen out of promotion, the date of increment of the senior employee would remain unchanged inspite of his pay being so stepped up, provided, however, where the amount of increase in pay by such stepping up is equal to or more than one increment in relation to the pay which the senior employee was drawing prior to his pay being so stepped up, the date of increment will be changed and effected after one incremental period of 12 months from the date of effect of such stepping up. All such normal stepping up cases will, however, be sanctioned from Corporate with concurrence of Corp.Finance."

Two illustrations are enclosed for guidance of all concerned. WBSEDCL (ROPA) Rules,2009 shall be deemed to have been amended to the extent indicated hereinabove and will have effect from 1.1.'06 notionally and actually from 1.4.'07.

This has approval of the Chairman & Managing Director.

As on 1.1.'06 the pay of both A & B was fixed in the corresponding scale of Rs.9,300 - 34,800/- with grade pay of Rs.4,700/- and there was no anomaly in the initial pay fixation as on 1.1.'06 under ROPA'09. Now, the pay of 'A' was refixed on 1st February, '06 on promotion in the corresponding pay band no.4 at Rs.21,500/-(Rs.16,100 +Rs.5400/-).
