Sub: Clarification regarding determination of first Stagnation Increment

With the implementation of Pay Band and Grade Pay system in place of the Time Scale of Pay through WBSEDCL (ROPA) Rules, 2009 confusion has arisen regarding determination of first stagnation increment in respect of an employee in a particular Pay Band. Unlike Time Scale of Pay there is no specified amount of increment in the revised Pay Band and instead of that increment has been allowed at the rate of 3% on the existing Pay in the Pay Band plus Grade Pay drawn. As a result, it may so happen that an employee may or may not draw the Pay exactly at the maximum amount specified in the respective Pay Band and the question of effecting of first stagnation increment arises at that point of time.

In view of the above, it is clarified that the quantum of increment by which the pay in the Pay Band of an employee exceeds the maximum amount i.e. the end point of a particular Pay Band will be considered as the first stagnation increment in the respective Pay Band and subsequent stagnation increments will be given in terms of Rule-15 of WBSEDCL (ROPA) Rules, 2009.

An illustration in this regard is given overleaf.

Illustration

Say Mr. A is drawing Pay of ₹ 38,770 with Grade Pay of ₹ 7,600 in the Pay Band of ₹ 15,600 – 39,100 in the month of December, 2010 and his normal increment falls due on 1st January every year. The first stagnation increment will be in the following manner:-

Pay in December, 2010 in the Pay Band of ₹ 15,600 – 39,100 with Grade Pay of ₹ 7,600	₹ 38,770
Add: annual increment on 01.01.2011	₹ 1,400
Pay on 01.01.2011 in the Pay Band of ₹ 15,600 – 39,100 with Grade Pay of ₹ 7,600	₹ 40,170

Therefore, increment on 01.01.2011 will be considered as first stagnation increment of Mr. A in the Pay Band of ₹ 15,600 – 39,100 with Grade Pay of ₹ 7,600 and Mr. A will earn another 5(five) stagnation increments in terms of Rule-15 of WBSEDCL(ROPA) Rules, 2009.
