(A Govt. of West Bengal Enterprise)

Vidyut Bhaban, Salt Lake, Kolkata - 700091

WBSEDCL

Circular No: 09/2016

Dated: 05/10/2016

Sub: Creation of demand against Disconnection-Reconnection Charges (DC-RC) in SAP IS-U system by the authorized person at establishment section of Customer Care Centre.

Apart from cash desk (SAP-ISU), WBSEDCL has introduced many other third party collection modes such as KIOSK, Online Cash Collection Centre, e-Payment, payment through Mobile Wallet etc. At present the demand of Disconnection and Reconnection charge can only be created by the person engaged at cash counter.

Creation of demand against Disconnection Charge (DC) and Reconnection Charge (RC) can only be ascertained once the same has been physically disconnected or reconnected as the case may be and any demand creation including DC-RC is not possible from any other mode except SAP IS-U system.

It is to be noted that any unpaid Disconnection-Reconnection charges are being included in the subsequent bills as outstanding unless it is paid earlier, thus the Disconnection and Reconnection Charges are also being collected through all modes of payment along with the Energy Bills.

Therefore, to collect Disconnection and Reconnection Charges through all modes of payment including OFFLINE Cash Desk, it is mandatory to create the demand against Disconnection and Reconnection Charges (DC-RC) in SAP IS-U by the authorized person of the establishment section of the concerned Customer Care Centre, using T-code "ZDISC\_BOOK", once the same has been physically executed or as per the guideline of the regulation.

Existing system of creation of demand for DC-RC by the person engaged at cash counter will be discontinued.

This will take immediate effect.

29.09.2016.  
Director (HR)  
WBSEDCL
