Office Order No: 1471  
Dated: 25-08-2018

**Sub: Roll out of Windows based application for online cash collection using Desktop/Laptop through Internet connectivity.**

Mr (Fin)/LRJ/ 878  
Dt. 27-8-18

A Desktop/Laptop based in-house developed application for online cash collection over the internet will be rolled out across the state from September'2018 onwards in a phased manner. The application will be installed & accessed at Windows based desktop/laptop computers.

Salient features of the application:

1. Real time collection of Energy Bill, Installment Bill, Quotation for New Connection/Load Enhancement.
2. Daily Collection Summary Report & Receipt wise Collection Report.

The application will be beneficial to the organization same as mobile based cash collection application:

1. Offline Collection Data creation & download activity need not be performed for collection through this application. This will save operational time & cost.
2. During lease line link failures, user can switch over to this application without any waiting for data download.
3. Existing infrastructure, like Desktop/Laptop & Printer used in SAP-ISU cash collection at CCC will be utilized for operation of the application.
4. Steps have been taken to ensure data security during operation of the application.

Operational Modality of the application:

1. The Desktop/ Laptop used for accessing the application, must be having genuine licensed Windows operating system.
2. Licensed anti-virus software need to be installed at the desktop/ laptop.
3. Both the operating system & anti-virus software must be updated regularly.
4. The application need to be updated as per instruction.
5. The application need to be installed at the designated cash desk Desktop/ Laptop only. It must not be shared on any unauthorized device or with any unauthorized personnel. This needs to be strictly adhered.
6. In case of Site Office having existing Internet connection, no extra device / equipment needs to be procured. Otherwise, Internet Modem / Datacard / Wifi LAN Adapter need to be procured on requirement basis from the respective Site Office.
7. It is to be maintained that, whenever MPLS VPN or VPN over Internet (if any) is available, collection should be performed through SAP-ISU Cash Desk only.
8. Following steps need to be followed for cash collection through the application:
  - a. Whenever MPLS VPN and VPN over Internet (if any) link become unavailable, the designated Desktop/ Laptop must be isolated from Local LAN connection.
  - b. Next, Internet Connection needs to be activated in the designated Desktop/ Laptop & Cash collection should be performed.
  - c. After that when MPLS VPN or VPN over Internet (if any) becomes available, the Internet Based Cash Collection needs to be completed by performing counter closing activities.
