CIRCULAR

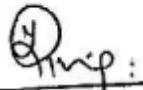

Date: 10/10/2015

The ERP (SAP-FICO) module is in operation in WBSEDCL since 01.04.2015. Henceforth, in this ERP scenario, collections for all the purposes are to be arranged through the ERP (for collection from vendors etc., i.e. other than consumers and related activities) and through SAP-ISU (i.r.o. consumers, licensees, intending consumers and activities related to deposit for supply of power) system only.

2.0 Collection methods for SAP-ISU and SAP-FICO are to be utilized for respective purposes and only "system generated receipts" are to be provided to the payers (both consumers and others).

3.0 In case of link failure related issues in SAP-ISU, offline collection process will be in vogue as usual, but in no case any manual receipt will be issued using manual collection process. Any deviation to this will be viewed seriously.

4.0 All CCCs are requested to submit the entire unused manual receipts (SEB-9, Other Receipt etc.) to their respective division offices within a month from the date of issuance of this circular.

(Narayan Swaroop Nigam)
Chairman & Managing Director
WBSEDCL
