

WEST BENGAL STATE ELECTRICITY BOARD11

CIRCULAR NO. : 75/14

DATED : September 24, 1975.

In continuation of this Office Circular No. : 75/5 dated 10. 01. 1975, impressing upon all concerned the importance of taking all possible measures for safe keeping Board's money while in transit, it is further notified for information that the provision of armed escorts for safe keeping cash in transit being just one of them, other measures, as enumerated below, should be taken as far as practicable -

- (1) Secrecy should be maintained of exact time and route of the vehicle carrying cash to and from Bank, which should be changed frequently, i.e., same route and time on every occasion should not be adhered to.

Date of drawing money should also be changed and smaller amount of cash be drawn and disbursed at one time/in one day, as far as practicable.

- (2) A heavy and big steel box should be used as a container with strong locking arrangement instead of a small leather bag, which can be snatched away easily. This should be done irrespective of the quantum of cash or currency to be conveyed.

The box should be secured to the body of the vehicle with chains and padlocked before leaving Office/Bank.

- (3) Same persons should not be detailed to draw or deposit cash everytime. They should be changed, if possible.
- (4) Arrangements should be made with the Bank to issue Cash/Currency in a separate place other than from common counter, if possible.
- (5) The vehicle should be parked as near the entrance of the Bank as possible.
- (6) The Cash drawing party should be alive to any unusual activity or situation in and around the Bank before drawal of cash. In case of any suspicion, they should refrain from drawing any cash.
- (7) An unsound vehicle, which is liable to break down should not be used. The vehicle carrying Cash should not also stop anywhere enroute or leave the route on some other mission.

12

All concerned are requested to adopt such of the afore-
said measures as are feasible depending upon the local
conditions prevailing. Adoption of the aforesaid
measures is expected to ensure greater safety than
having armed escorts only, although armed escorts in
addition to the provisions above depending on the amount
to be carried in cases where financially viable will be
preferred.
