ORDER

Whereas, various Projects are being executed under the Power Utilities of the State and therein different schemes are found to have been not completed within the stipulated time as mentioned in the contract.

And whereas, it must be appreciated that time overrun often leads to various inconveniences and the services to the consumers get adversely impacted apart from the opportunity loss to the concerned organization.

And whereas, the project implementation officials must keep in mind that time is of essence of any contract and if the works are not completed in time; inordinate delays do result in additional costs, potential revenue loss and delayed service delivery to the intended beneficiaries.

Thus, in this regard it is advised to incorporate / revise the existing LD clause to include **penalty on per day basis of delay** such that it acts as a yardstick for timely execution of projects by the vendors.

This issues with the approval of competent authority.
