Circular No. 66

Dated 31.05.2016

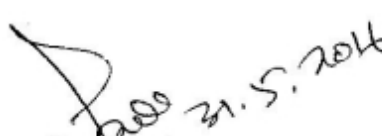

Subject: Applicable Tariff Category for Religious Places.

It has been observed that different tariff category is being imposed by the site officials at different Customer Care Centres for religious places viz. temples, mosques, churches etc. This kind of discriminatory action is leading to consumers' grievances and should be stopped forthwith.

It has also been understood that earlier during WBSEB regime, domestic tariff was applicable for such religious places. Again as per provisions of Tariff Regulation (Notification No. 48/WBERC dated 25.04.2011) any matter covered under any tariff order or general condition of supply of the licensee shall be deemed to have a continuing effect until such provision or direction is altered or modified by a fresh direction by Hon'ble WBERC.

Hence in order to maintain uniformity across the organisation as well as to dispel confusion regarding applicability of tariff category for religious places, it is enjoined upon all concerned that religious places/installations like Temple, Mosque, Church etc. may be considered under Domestic(Rural) or Domestic(urban) tariff category depending upon its location, provided separate meters are installed to record consumption of commercial unit like school, shop etc if attached with any religious installation.

This has the approval of CMD, WBSEDCL.

(P. K. De)

Chief Engineer (Distribution)

WBSEDCL
