Circular No. 02/2022
Dated: 31-01-2022

In order to ensure effective management of vendor pool pertaining to Electrical Erection Contractors, a SAP based system has been designed, which is in practice since the year 2020. Following vendor activities are taken care of through this system:

1. Enlistment of new vendor.
2. Renewal of enlistment of existing vendor.
3. Change of ownership of existing vendor.
4. Change of Category of existing vendor.

As per present policy of the Company, the validity of enlistment of existing vendor is 3 years. Any existing vendor can apply for any service as mentioned in Sl. No. 3 and 4 as mentioned above before expiry of the enlistment throughout the year. For renewal of enlistment, the vendors are suggested to submit application into the said system, maximum 90 days prior to the expiry date of enlistment considering the minimum processing time.

But while examining the system it appears that a good number of existing vendors have not submitted application even after expiry of validity which is a gross irregularity. It may be logically presumed that a considerable no. of vendors are performing under Distribution Wing and Project Wing, are ignoring the expiry of validity of enlistment.

To stop such practice all the site officials of Distribution Wing and RE Wing are hereby advised not to assign any order to any Electrical Erection vendor whose validity has been expired. To check the status of validity of any particular vendor, the following two T codes have been developed with authorization to all site officials of the said wings, which are as follows:

- a. "YVR_LEGACY_DETAILS" - The vendors who have got enlistment in offline mode.
- b. "YVR_ENLIST_DETAILS" - The vendors who have got enlistment in online mode.

All the site officials are hereby advised to strictly adhere to the said order. This circular takes immediate effect.
