Circular No: 03

Dated: 28/03/2019

Subject: Guideline to rectify the problems in the FICO module of SAP-ERP system with the consideration of the role authorization matrix for different positions working in the existing module of SAP-ERP

Of late it has been felt that an authorization matrix is required to be formulated to set right the pending disputed cases related to transfer of liability (Vendor/TDS) due to wrong entry of CWIP in purchase order.

Thus after careful consideration of the issues related with the process of rectification of such errors the following Authorization matrix has been finalized to settle the pending disputed cases.

- All the disputed cases related to wrong entry of CWIP, under distribution wing, will be settled from Dist Head Quarter and rest of the cases of same nature will be settled from Corporate Finance.
- As all sorts of restrictions has already been imposed in the SAP/ERP system to restrict any sort of wrong entry of CWIP in the purchase order with the help of IT & C Cell. Thus on imposition of restriction in the FICO module of SAP/ERP system, possibility of arising such type of instances will be removed.

This has reference to the approval of the Director (Dist): WBSEDCL
