Sub: Supply of power to Puja Pandals for the year 2018-19

For the purpose of temporary power supply to Puja Pandals, Puja Committees shall apply for a connection in the prescribed form to the concerned Customer Care Centre at least 10 (ten) days in advance for Durga Puja, Laxmi Puja, Kali Puja and Jagatdhatri Puja indicating the exact demand of power.

1. It is enjoined upon all concerned that supply of power to Puja Pandals associated with Durga Puja, Laxmi Puja, Kali Puja and Jagatdhatri Puja festivals shall be metered.
2. Energy charges shall be realized from the Puja Committees on the basis of metered consumption at the rate applicable for temporary supply. As per the tariff order for the year 2017-18 dated 04.07.2018, the energy charge @ 781 paise / Kwh (including MVCA @ 23 Paise/Kwh) shall be applicable for normal non-TOD meter for temporary supply to Puja Pandals for both non-municipal and municipal areas and for TOD enabled meters the applicable tariff would be A(st).
3. In case of Salt Lake and New Town area power supply to Puja Pandala shall preferably be given through pre-paid meter. In that case Rate – A (st) for the year 2017-18 for short term supply under pre-paid TOD tariff schedule as per Annexure 7A2 of the order dated 04.07.2018 shall be applied.
4. Multi point metered supply may be made in cases where single point metering is not technically feasible.
5. The Puja Committees shall be called upon to furnish Security Deposit as per assessed electricity charge (Rs. 270.00 per KW per day) on declared load for the full period of consumption which is to be adjusted in the energy bill. For normal meter additional security of Rs. 800.00 and for 3 phase TOD meter Rs.5000.00, as the case may be shall be realized towards cost of each supplied meter. For pre-paid meter security deposit shall be Rs. 13200.00 towards cost of each meters only.
6. Duration of temporary connection shall not exceed 10 (ten) days under any circumstances. The Puja Committees will have to submit written undertaking for not drawing power more than declared load duly endorsed by licensed electrical contractors.
7. Any illegal extension / excess load or pilferage of power shall be punishable under the relevant provision of Electricity Act, 2003 as amended up to date.
8. On receipt of application for connection to puja pandals, Station Manager shall check whether there is any outstanding against the applicant (Puja Committee) for previous year(s). If there is any outstanding then the outstanding should be realized before processing the application.
9. All Station Managers before effecting connection to the Puja Pandals shall precisely see that actual load of the Puja Pandals is in conformity with the load declared by the Puja Committees in the Application Form and Test Form.
10. In case requirement of power exceeds 10 KW TOD meters should be installed, if available.
