Circular: 01 / 2016

Dated: 12/08/2016

Sub:- Engagement of Contractor for LT maintenance/HT maintenance /O&M of Sub-stations for different Sub-stations and Customer Care Centers under Berhampore Zone.

It has been observed that the Station Managers of different Customer Care Centers and A.E. (Tech.) of different Divisions are often recommending a Contractor for extension of the above services or for induction in new job by mentioning only the "performance satisfactory".

This is to be clearly spelt out that performance of such Contractor should be judged very objectively strictly on the basis of rendering service maintaining standard of Performance prescribed by WBERC. As for example some of the types of complaint frequently received and the standard of Performance prescribed by WBERC to address the same are mentioned in Annexure-I.

This apart while judging performance, some more aspects are also to be taken care off as given under:-

- i) Observance of statutory obligations as framed under different Labour Laws.
- ii) Use of PPEs and maintenance of Safety norms by the outsourced personnel.
- iii) Condition of Vehicle(whenever applicable)
- iv) Any other points which may be considered relevant for judging Performance.

Last but not the least, attempts should be taken for awarding such contracts among the enlisted contractors in equitable manner as far as practicable. The Divisional Managers should make it a point for review during the monthly Divisional PRT meeting.

(G.K. Basu)
Addl. C.E & Zonal Manager
Berhampore Zone
