Sub: Salient information to be furnished with the outsourcing proposal.

Sir (s),

It has been observed, that many proposals for outsourcing of HT/LT mobile Van, round the clock O&M of the Sub-Stations are being sent to this end without incorporating the basic information. As a result, sometimes the notes/proposals have to be returned back to the site offices causes unnecessary delay in disposing of the proposals. Therefore, the basic information as following needs to be incorporated in the proposal for speedy disposal of the same. This is as per direction of the competent authority in the Corporate Review Meeting dated 24.01.2019:

A. Outsourcing of the Round the Clock O&M of the Sub-Station/Engagement of retired technical employees in the Round the Clock O&M activities:

SI No	Matter in Brief
(i)	Feasibility study, whether the Sub-Station can be manned by diversion of the existing technical employees/by engaging Ex-Departmental technical employees/operators within 64 years of age
(ii)	In case of Ex-Departmental technical employees are to be engaged for the O&M job of the Sub-Station, the site authority should check the age (preferably below 64 years), past experience in Sub-Station/Operation activities, health of the proposed employees, before sending the proposal
(iii)	The expected date of commissioning/commercial operation of the Sub-Station and under which scheme (IPDS/DDUGJY/RE/O&M) the Sub-Station is being constructed.
(iv)	The proposed financial involvement as per existing rate contract and Financial Vetting with Budget Provision by the local accounts.

B. Outsourcing of the HT feeder maintenance of the Sub-Station:

SI No	Matter in Brief
(i)	Whether clubbing of feeder maintenance contract from the existing sub-station is feasible.
(ii)	What are the existing Sub-Station(s) from where the feeders are being maintained currently?
(iii)	Whether there shall be change in any slab/category of feeder maintenance due to change in route length of the related Sub-Station, in case exclusive approval is accorded against the proposed (new) Sub-Station

(iv)	What is the existing capacity of the Sub-Station?
(v)	Number of 33 KV incoming and 11 KV outgoing feeders with feeder length in CKM.
(vi)	Proposed category of the Sub-Station with financial involvement according to the Zone-A or B.
(vii)	Total Financial involvement per month with budget provision from the local accounts.
(viii)	In case of HT night mobile van, the number of high voltage bulk consumer with average month demand and collection, consumer wise (to establish high density of Bulk Consumers).
(ix)	In case of HT Night mobile van the feasibility of clubbing more than one Sub-Station may also be explored.

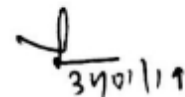

(C) Outsourcing of the manpower in the existing LT mobile Van/additional mobile Van with agency manpower

Sl No	Matter in Brief
(i)	Designation wise current technical manpower (non-supervisory cadre) of the CCC with their date of retirement.
(ii)	If shift wise technical manpower strength is more than three, then suitable diversion proposal to nearby CCC/Sub-Station should be worked out and finalized from the office of the Zonal Manager, before sending the proposal for in-principle approval.
(iii)	The additional Financial Involvement with the budget provision by the local accounts.
(iv)	The additional/new LT mobile van proposal shall be corroborated with increased consumer Strength, enhanced electrical infrastructure, total area to be covered and with information that the CCC is due for bifurcation/bifurcation order issued.
(v)	The additional mobile van proposal also be supported with average pending call docketed status for the last six months with observation that whether preventive maintenance can sort out the issue.

The above information are to be furnished which are indicative but not exhaustive. Along with the above information customized information indicating the necessity and reason of the proposal should be incorporated against each proposal for according in-principle approval for outsourcing job contract. The proposal should be sent to this end well in advance of the expected date of commissioning of the Sub-Station/Unit.

You are advised to percolate the message to the Divisions under your jurisdiction for strict compliance of the same.

Yours faithfully,

(S. P. Moitra)
Chief Engineer (Distribution)
WBSEDCL
