Sub: Time-bound Placement of Order for the hired vehicle for the official purpose under various units of WBSEDCL

Of late, it is being observed that there has been considerable delay in placement of the formal order for the engagement of the vehicles plying under different units under WBSEDCL on hiring basis as per rates, terms & conditions fixed by the WBSEDCL. In these cases, the vehicles are often engaged without any formal order or even after the expiry of the tenure of the existing order, which is a very risky proposition.

Recently, the despicable picture of similar practices of plying of the vehicles at various units, even after expiry of the orders/agreement, have been reflected in the report of the Internal Audit, which is really a great cause of concern. In many cases, the payments are being regularized in post-facto orders, which are not at all desirable; since it contravenes the basic principle of accounting and results in incorrect reflection of expenditure due to delay/accumulated payment of vehicle bills.

In view of the above, it is, therefore, advised to all concerned/ordering authority to monitor scrupulously the tenure of contract/order, and take necessary action towards placement of the formal order/contract for the engagement of vehicle prior to the expiry of the order/contract or use the vehicle only after placement of the order (in case of new engagement within the norms of WBSEDCL) after observing necessary formalities.

Strict compliance of the above directions is to be ensured by all concerned.
