Office Order no: 01 /2017 dated 12/5/2017

Sub: Guidelines for imposition of penal measures against defaulter Official/ Outsourced Agency for erection/ (O&M) work in case of occurrence of any fatal accident due to improper shutdown.

Upon analysis of statistics of increased occurrence of fatal accidents under WBSEDCL, it is shocking to record that out of total 168 No victims during 2016-17, the fatal victims for non-observing of proper shut down process is 19 No & non-fatal victims for same reason is 53 No, totaling to 72 No. It also transpires that 43% of the total victims are due to non-observing of proper shut down process.

Though specific instructions have already been issued for imposing punishment to both departmental & outsourced employees vis-à-vis the concerned Agencies who are responsible for such accidents vide Office Order no: 323 dated 12/7/2010 read with letter no: Safety/26/136 dated 04/01/2017, it is observed from almost all of the reports of Permanent Accident Enquiry Committee of the Regions that none is held responsible for such accident due to non-observing of proper shut down process.

The Board of Directors, during their 70th Meeting held on 28/4/2017 expressed their severe dissatisfaction over the issue of non-observing of proper shut down process, which is well within the controllable purview of the Site Officers.

With the objective of stoppage of occurrence of any fatal accident due to improper shutdown, the following broad guidelines are set out below for strict compliance.

A. Regarding WBSEDCL's Official, responsible for allowing Shut down:

- i) It is the responsibility of the Officer, who allots the task for undertaking any erection or maintenance job to any Departmental employee or Outsourced Agency that requires shut down. The particular assigned employee of WBSEDCL, responsible for shutting the system down [including issuance of permit to work card/ field memo, as the case may be] as designated by the Officer, must be physically present at worksite till completion of the job.
- ii) For failure to shut down the exact line/ feeder/ phase properly & occurrence of any fatal accident, the employee(s) concerned be immediately placed under suspension pending investigation/ institution of departmental proceedings by the Divisional Manager.
- iii) In case of any fatal accident owing to improper shut down, in addition to the concerned employee, the assigning Officer (in charge of the concerned CCC/ HT lines & 33/11KV Substation) will also be held responsible and shall, prima facie be temporarily debarred from duty at his place of posting till receipt of clearance from the Permanent Accident Enquiry Committee/ completion of departmental proceedings, whichever is earlier.

B. Regarding Outsourced Agency for erection/ (O&M) work:

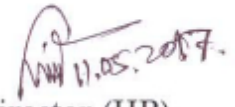

- i) In connection with any accident (fatal or non-fatal) if it is observed that the Agency had undertaken the erection/ maintenance job in absence of proper supervisory

personnel at worksite, without confirming proper shut down (i.r.o. exact line/ feeder/ phase), non-use/ non-availability of proper PPEs or execution of the job without informing the Controlling/ Supervising Officer (in terms of LOA/ Order), shall be immediately placed under holiday listing.

- ii) The Divisional Manager shall initiate the proposal for holiday listing within 03 (three) working days from the date of occurrence, indicating number of accidents that occurred under them due to their negligence in the last 3 (three) years and the incident in details with performance of the Agency in the field of observing SOP during last one year supported by documentary evidence of surprise inspection(s) performed by him/ the AM(HR&A)/ AE(Tech)/ SM of the concerned CCC on the availability of PPEs & using of the same by the employees of the Agency & availability of the Supervisor, holding proper workmen's permit during work execution.

This has approval of the CMD, WBSEDCL & takes immediate effect.
