Circular No: 01

Dated: 13.04.2021

Subject: Essential Steps to be taken to restore the break-down during on-going summer & nor-wester for maintaining steady Power Supply

In view of on-going season of scorching summer as well as propensity of nor-wester during this period of the year, it is felt essential to take adequate steps to maintain uninterrupted supply of power during the period of next **1 ½ (one & half) months**, i.e, closer to the onset of monsoon to avoid any inconvenience to the common people. So, we have to exert out best effort to keep the power supply steady as well to bring down the interruption time in case of any breakdown, for which, all concerned should be on a very high alert to restore any fault/breakdown in least possible time, during the aforesaid period.

Accordingly, all the Divisional Managers, are, hereby, advised to avoid any shut-down during this time unless it is extremely urgent or unavoidable and keep the LT & HT maintenance gang on alert, so that any kind of power failure can be restored within the shortest possible time during this period.

In the Customer Care Centres, without the LT-Night services, the existing LT mobile vans may be utilized round the clock on **strictly need basis (keeping the records of actual days of availing such service)**, for attending the major breakdown and docketed calls.

In the Sub-Stations, where, there is no HT Night Mobile Van service, the service of existing HT Vans (from 6=00 AM to 10=00 PM) may be extended beyond the normal duty hours, during this above-mentioned period. However, the above may be adopted on extreme need basis (**keeping the records of actual days of availing such service**)

For availing such extended services, the permission of the concerned Regional Managers of WBSEDCL shall have to be obtained in due course.

For such utilization of service of HT & LT mobile van during night shift pro-rata payment i.r.o vehicles and daily wages of labourers shall be paid to the agency/contractor for subsequent payment to their workers/drivers as per existing rate contract.

However, the requirement of the vehicles with manpower, in such odd hours (during Night Shift) shall be strictly limited to the actual days of such requirement during the **next one 1 ½ (one & half) months**, from the date of issuance of the Circular.

All the units should note that, engagement of CFOs and Pvt Security Guards for such extra /additional shifts during night shall not be allowed.

In case of any major break-down, the same is to be intimated by Regional Managers/Divisional Managers to the concerned Zonal Manager (s) who in turn shall inform the Chief Engineer (Dist), WBSEDCL.

Materials, spares and equipment usually required for maintenance work has to be kept in all Divisional Stores, so that the same may be readily available as and when required.

All concerned must adhere to the guidelines without deviation and all the controlling officers are hereby instructed to follow the instructions scrupulously and transmit the message to downstream for necessary follow up.
