WEST BENGAL STATE ELECTRICITY BOARD

OFFICE ORDER NO. : 4573

DATED : 11. 10. 90

The Senior Scale is admissible to a confirmed employee of his/her completing 5 years' satisfactory service in the basic scale. In some cases, grant of senior scale has to be deferred due to the employee's performance not being considered satisfactory at the relevant period of time. Subsequently, the employee concerned might qualify for Senior Scale. But in such cases, the deferment will not have any cumulative effect unless such deferment is a result of any penalty imposed by any Disciplinary Authority of the Board or by any Court of Law or due to the employee's enjoying extra-ordinary leave without pay or unauthorised leave or due to any other reasons specifically mentioned. In normal cases, when senior scale is allowed at a deferred date the increments that would have accrued but for such deferment, would be admissible to the employee on his being allowed the senior scale from a deferred date but no arrear would be admissible.
